INDEX TO VOLUME 41

METAL FINISHING, January-December, 1943

ARTICLES

A

About Brushes and Brushing 54
Abstracts of Papers Presented Before the Electrochemical Society's 84th Meeting in New York, Oct. 13-16 697
Adhesive Tapes, Conservation of Pressure Sensitive 688
A. E. S. Convention Breaks All Attendance Records 414
Agitation of Finishing Materials 323
Aircraft, Finishing Aluminum Parts for Military.. 257
Aircraft Plant, Conveyors Save Space in 58
Airplane Parts for Processing, Hanging and Racking 131
Aluminum, A Resume on the Electrodeposition of 70
Aluminum Cleaning, Annotated Bibliography of 348, 423, 498
Aluminum, Dyeing Chromic Acid Anodized 550
Aluminum Parts for Military Aircraft, Finishing.. 257
American Electroplaters' Society to Hold 31st Annual Convention at Buffalo, June 7-8-9 339
Ammonia in the Electrodeposition of Brass, Control of 80
Annotated Bibliography of Aluminum Cleaning 348, 423, 498
Anodized Aluminum, Dyeing Chromic Acid 550
Antiquity of Tools, The 495, 562, 699, 772
Application of Colors to Metals, The Language and 488
Application of Scientific Management in the Plating Room, The 780
Arc Welded Machinery for Finishing, Preparation of 671

B

Barrel Plating Units, Cooling 493
Baths, Palladium and Its Plating 73
Bibliography of Aluminum Cleaning, Annotated 348, 423, 498
Blackening Steel Parts 428
Black Nickel, Observations on 77
Black Nickel Plating 694, 769
Blushings of Lacquers 314
Brass, Control of Ammonia in the Electrodeposition of 80
Bright Electroplating, An Interpretation of the Mechanism of 134, 202
Brushes and Brushing, About 54
Brushes, The Care and Conservation of 318
Brushes, The Reclamation of Hardened Used Paint 191
Buffing and Burring Compounds Are Playing a Vitally Important Part in the War Program, Polishing 144
Bullet "Footprints" in Lacquer Aid Search for Better Weapons 539
Burring Compounds are Playing a Vitally Important Part in the War Program, Polishing, Buffing and 144

C

Cadmium, Conservation Directive No. 5B—Conservation of 767
Cadmium Plating 211
Cadmium Plating, Conservation Bulletin No. 6A—Use of Zinc Plating as Substitute for 766
California, News from 35, 99, 160, 230, 304, 377, 451, 515, 581, 658, 731
Care and Conservation of Brushes, The 318
Cartridges, The Use of "Cuprodine" as a Lubricant in the Drawing of Steel 212
Chemical Industries Exposition to Be Beld in New York 703
Chemicals, Dictionary of Metal Finishing 23, 87, 147, 213, 275, 359, 435, 507, 571, 641, 713
Chromic Acid Anodized Aluminum, Dyeing 550
Chromium and the Perishable Tool Shortage, Hard 76
Chromium Plating of Dies and Tools 343
Chromium Plating, Preparation of Surfaces for Hard 15
Cleaning, Annotated Bibliography of Aluminum 348, 423, 498
Cleaning Drums Which Have Held Flammable Substances 535
Cleaning Small Parts, Adapting Certain Type Vapor Degreasers for 486
Cleaning Steel for Finishing 754
Coatings for Microscopic Examination, The Preparation of Metal 627
Coating Specifications, New 403
Coloring—Mixing and Matching 255
Colors to Metals, The Language and Application of 488
Combustion Safeguards for Metal Finishing Equipment 109
Compounds Are Playing a Vitally Important Part in the War Program, Polishing, Buffing and Burring 144
Conservation Bulletin No. 6A—Use of Zinc Plating as Substitute for Cadmium Plating 766
Conservation Directive No. 5B Conservation of Cadmium 767
Conservation of Brushes, The Care and 318
Conservation of Linseed Oil in Paints 467
Conservation of Pressure Sensitive Adhesive Tapes.. 688
Conserve Critical Materials and Speed Up Production, Phosphate Coatings 184
Control, Keeping Dust Under 556
Control of Ammonia in the Electrodeposition of Brass 80
Convention Breaks All Attendance Records, A. E. S. 414
Convention at Buffalo, June 7-8-9, American Electroplaters' Society to Hold 31st Annual 339
Conversion Chart, Spray Gun Fluid Pressure 685
Conveyors Save Space in Aircraft Plant 58
Cooling Barrel Plating Units 493
Corrosion, The Electrochemistry of 553, 631
Critical Materials And Speed Up Production, Phosphate Coatings Conserve 184
Crown Shells with Lacquers or Enamels, Refinishing Salvaged 399
"Cuprodine" as a Lubricant in the Drawing of Steel Cartridges, The Use of 212

D

Defense in Finishing Rooms, Fire 609
Degreasers for Cleaning Small Parts, Adapting Certain Type Vapor 486
Degreasing Agents, Industrial 463
Descaling of Heat-Treated Parts, Electrolytic 704
Determination of Tin Coating Weights 706
Developments in Zinc Plating, Recent 277
Dictionary of Metal Finishing Chemicals 23, 87, 147, 213, 275, 359, 435, 507, 571, 641, 713, 787
Dies and Tools, Chromium Plating of 343
Differential Between Laboratory Plating and Production Line, Eliminating Working 702
Directory of WPB Chemicals Division 284
Developments of 1942, Technical 3
Drawings of Steel Cartridges, The Use of "Cuprodine" as a Lubricant in the 212
Drums Which Have Held Flammable Substances, Cleaning 535
Dust Under Control, Keeping 556
Dyeing Chromic Acid Anodized Aluminum 550

E

Economy Engineering Company, Finishing Lifters and Telescopers at 121
Electrochemical Society's 84th Meeting in New York, Oct. 13-16; Abstracts of Papers Presented Before the 697
Electrochemistry of Corrosion, The 553, 631
Electrodeposition of Aluminum, A Resume on the.. 70
Electrodeposition of Brass, Control of Ammonia in the 80
Electrodeposition of Silver on Magnesium, The .. 271
Electrolytic Descaling of Heat-Treated Parts 704
Electroplating, An Interpretation of the Mechanism of Bright 134, 202
Electroplating, Fundamentals of Science Relating to 215
Electroplating Library, An 426
Electroplating, Modern Design in 199
Eliminating Working Differential Between Laboratory Plating and Production Line 702
Emulsion Paints, Resin 743
Enamels, Refinishing Salvaged Crown Shells with Lacquers or 399
Equipment, Combustion Safeguards for Metal Finishing 109
Essence, Pearl 123
Exposition to be Held in New York, Chemical Industries 703

F

Facts About Metals, Interesting 14, 146
Films Applied With a Straight Edge Spreader, The Thickness of Paint 677
Finishing Lifters and Telescopers at Economy Engineering Company 121
Finishing Progress for 1942, Review of Industrial.. 60
Finishing Warplanes 113, 173
Finish Testing Laboratories, Modern 391
Flame-Priming Method of Preparing Steel Surfaces for Painting 186, 249
Flammable Liquids, Storage and Protection of 681
Fluid Pressure Conversion Chart, Spray Gun 685
Finishing Aluminum Parts for Military Aircraft... 257
Fire Defense in Finishing Rooms 609
"Footprints" in Lacquer Aid Search for Better Weapons, Bullet 539
Foreman for the Metal Finishing Department, On Finding a New 491
Foreman, Stainless Steel and the Metal Finishing.. 266
Fundamentals of Science Relating to Electroplating 215

G

Generator Sets and Rectifiers in the War Effort, Motor 198
Glycerine Research 760
Glycerine Usage in Metal Treatment 272

H

Hanging and Racking Airplane Parts for Processing 131
Hard Chromium and the Perishable Tool Shortage 76
Hard Chromium Plating, Preparation of Surfaces for 15
Hardened Used Paint Brushes, The Reclamation of 191
Heat-Treated Parts, Electrolytic Descaling of 704

I

Importance of Phosphate Treatment and Paint in Rustproofing, The 473, 536
Industrial Degreasing Agents 463
Insulations, Synthetic Plating 138
Interesting Facts About Metals 14, 146
Interpretation of the Mechanism of Bright Electroplating, An 134, 202

K

Keeping Dust Under Control 556

L

Laboratories, Modern Finish Testing 391
Laboratory Plating and Production Line, Eliminating Working Differential Between 702
Lacquer Aid Search for Better Weapons, Bullet "Footprints" in 539
Language and Application of Colors to Metals, The 488
Lacquers, Blushing of 314
Lacquers or Enamels, Refinishing Salvaged Crown Shells with 399
Lead-Coating Process Eliminates Use of Zinc Alloy, New 560
Lead Plating 418
Library, An Electroplating 426
Linseed Oil in Paints, Conservation of 467
Lubricant in the Drawing of Steel Cartridges, The Use of "Cuprodine" as a 212
Lifters and Telescopers at Economy Engineering Company, Finishing 121

M

Magnesium, The Electrodeposition of Silver on .. 271
Management in the Plating Room, The Application of Scientific 780
Matching, Color—Mixing and 255
Metal Coatings for Microscopic Examination, The Preparation of 627
Metal Congress at Chicago 624
Metals, Interesting Facts About 14
Metal Spraying Solves a Finishing Problem 634
Microscopic Examination, The Preparation of Metal Coatings for 627
Mill Treated Rust Resistant Sheets and Strips, New 327
Mixing and Matching, Color— 255
Modern Finish Testing Laboratories 391
Modern Design in Electroplating 199
Motor Generator Sets and Rectifiers in the War Effort 198

N

New Coating Specifications 403
New Mill Treated Rust Resistant Sheets and Strip.. 327
Nickel, Observations on Black 77
Nickel Plating, Black 694, 769
Nitrocellulose Solvents, Strength of 45
Notes on Pigments 181

O

Observations on Black Nickel 77
Oils for Finishing Materials 597
Organic Finishes in the War 397

P

Paint Brushes, The Reclamation of Hardened Used 191
Paint Films Applied With a Straight Edge Spreader, The Thickness of 677
Painting, Flame-Priming Method of Preparing Steel Surfaces for 186, 249
Painting of Steam and Hot Water Radiators 749
Paint in Rustproofing, The Importance of Phosphate Treatment and 473, 536

Paints, Resin Emulsion 743
Palladium and Its Plating Baths 73
Patents 27, 91, 151, 219, 287, 356, 437, 504, 564, 644, 715, 789
Pearl Essence 123
Phosphate Coatings Conserve Critical Materials and Speed Up Production 184
Phosphate Treatment and Paint in Rustproofing, The Importance of 473, 536
Pigments, Notes on 181
Plating Baths, Palladium and Its 73
Plating Solutions, Throwing Power of 10
Polishing, Buffing and Burring Compounds Are Playing a Vitally Important Part in the War Program 144
Power of Plating Solutions, Throwing 10
Preparation of Arc Welded Machinery for Finishing 671
Preparation of Metal Coatings for Microscopic Examination, The 627
Preparation of Surfaces for Hard Chromium Plating 15
Preparing Steel Surfaces for Painting, Flame-Priming Method of 186, 249
Priming Method of Preparing Steel Surfaces for Painting, Flame 186, 249
Processing, Hanging and Racking Airplane Parts for 131
Production Line, Elimination Working Differential Between Laboratory Plating and 702
Production, Phosphate Coatings Conserve Critical Materials and Speed Up 184
Progress for 1942, Review of Industrial Finishing.. 60
Protection of Flammable Liquids, Storage and 681

Q

Questionnaire, A Spraying 531, 602

R

Racking Airplane Parts for Processing, Hanging and 131
Radiators, Painting of Steam and Hot Water 749
Recent Developments in Zinc Plating 277
Reclamation of Hardened Used Paint Brushes, The 191
Rectifiers in the War Effort, Motor Generator Sets and 198
Refinishing Salvaged Crown Shells with Lacquers or Enamels 399
Resin Emulsion Paints 743
Resume on the Electrodeposition of Aluminum, A.. 70
Review of Industrial Finishing Progress for 1942.. 60
Rubber Supplies, Stretching 268
Rustproofing, The Importance of Phosphate Treatment and Paint in 473, 536
Rust Resistant Sheets and Strip, New Mill Treated 327

S

Safeguards for Metal Finishing Equipment, Combustion 109
Salt Spray Test as Applied to Electrodeposited Metallic Finishes, Use and Misuse of the 775
Salvaged Crown Shells with Lacquers or Enamels, Refinishing 399
Save Space in Aircraft Plant, Conveyors 58
Science Relating to Electroplating, Fundamentals of 215
Scientific Management in the Plating Room, The Application of 780
Shells with Lacquers or Enamels, Refinishing Salvaged Crown 399
Sheets and Strip, New Mill Treated Rust Resistant 327
Shortage, Hard Chromium and the Perishable Tool 76
Silver on Magnesium, The Electrodeposition of... 271
Small Parts, Adapting Certain Type Vapor Degreasers for Cleaning 486
Solutions, Throwing Power of Plating 10
Solvents in Industry 56, 192
Solvents, Strength of Nitrocelluose 45
Space in Aircraft Plant, Conveyors Save 58
Specifications, New Coating 403
Speed Up Production, Phosphate Coatings Conserve Critical Materials And 184
Spray Gun Fluid Pressure Conversion Chart 685
Spraying Questionnaire, A 531, 602
Spraying Solves a Finishing Problem, Metal 634
Spreader, The Thickness of Paint Films Applied With a Straight Edge 677
Stainless Steel and the Metal Finishing Foreman.. 266
Steel and the Metal Finishing Foreman, Stainless.. 266
Steel Cartridges, The Use of "Cuprodine" as a Lubricant in the Drawing of 212
Steel for Finishing, Cleaning 754
Steel Parts, Blackening 428
Steel Surfaces for Painting, Flame-Priming Method of Preparing 186, 249
Storage and Protection of Flammable Liquids 681
Straight Edge Spreader, The Thickness of Paint Films Applied With a 677
Strength of Nitrocellulose Solvents 45
Stretching Rubber Supplies 268
Strip, New Mill Treated Rust Resistant Sheets and 327
Substitutes for Metal Finishing Materials, Possible 354, 432
Surfaces for Hard Chromium Plating, Preparation of 15
Synthetic Plating Insulations 138
Surfaces for Painting, Flame-Priming Method of Preparing Steel 186, 249

T

Technical Developments of 1942 3
Telescopers at Economy Engineering Company, Finishing Lifters and 121
Testing Laboratories, Modern Finish 391
Thickness of Paint Films Applied With a Straight Edge Spreader, The 677
Throwing Power of Plating Solutions 10
Tin Coatings Weights, Determination of 706
Tools, Chromium Plating of Dies and 343
Tool Shortages, Hard Chromium and the Perishable 76
Tools, The Antiquity of 495, 562, 699, 772
Turpentine 245

U

Use and Misuse of the Salt Spray Test as Applied to Electrodeposited Metallic Finishes 775
Use of "Cuprodine" as a Lubricant in the Drawing of Steel Cartridges, The 212

V

Vapor Degreasers for Cleaning Small Parts, Adapting Certain Type 486
